

# Competence Center

---

## AI Consulting

With the Competence Center Artificial Intelligence (AI) meets Consulting, targens combines its experience in the areas of integrated bank management and financial markets with digital innovation.

---

AI consulting unite all professional competencies

The Artificial Intelligence (AI) meets Consulting Competence Center combines all the professional competencies of targens such as consulting, integrated bank management and financial markets, e.g.

- » Environment, Social & Governance (ESG)
- » Handelsregulierung
- » Regulatory Reporting
- » Integrierte Finanzarchitektur

In combination with the Artificial Intelligence (AI) service portfolio: strategy consulting, conceptualisation, pilot studies, data analysis, data collection, development of machine learning models for structured and unstructured data.

We apply modern techniques such as natural language processing and optical character recognition.

The **Competence Center AI Consulting** offers customers lots of added value:

- » Process optimisation and automation
- » Reducing risks
- » Improving the quality of decisions
- » Cost reduction
- » Scalability
- » Improving efficiency

**targens**»

As an expert consultancy for banking, compliance and digital innovation, targens is the leading provider of consulting and software solutions. Based in Germany, Austria and Switzerland, the company has 30 years of experience in the development of internationally proven compliance services for financial institutions with futuristic and disruptive technologies. Using artificial intelligence and blockchain technology to create innovative products that provide the highest possible value to our clients. With its consulting portfolio, targens supports clients in their banking and corporate management, trading activities and the safeguarding of business processes.
